
Composition/effect

- Colloidal platinum - has a cleansing, soothing, regenerating and anti-inflammatory effect, reduces skin discoloration, reconstructs skin tissue, boosts antioxidant action, promotes hydration, smoothes and brightens the skin,
- Copper peptide - supports the production of collagen and elastin, which is reflected in the reduction of fine lines and wrinkles, acts as an antioxidant, minimizes the effects of skin aging, regenerates the dermis,
- Hyaluronic acid - long-lasting moisturizer, smoothes wrinkles, tightens and improves elasticity,
- Vitamin B3 - reduces the appearance of enlarged sebaceous gland ducts, also improves skin hydration and prevents hyperpigmentation,
- Vitamin E - prevents hyperpigmentation, intensively moisturizes, has an anti-inflammatory effect and hydrates the skin,
- Organic propanediol - has a moisturizing effect, promotes the penetration of active ingredients into the skin,
- Shea butter - gives the skin radiance, nourishes, moisturizes and smoothes it,
- Adderall seed oil - forms a film on the skin surface that reduces excessive evaporation of water from the epidermis. It has an anti-inflammatory, regenerating and anti-ageing effect, rebuilds the lipid mantle and reduces skin roughness,
Niacinamide - reduces the size of pores and rebuilds the lipid barrier of the epidermis,
- Squalane - strengthens the skin's hydrolipid mantle and protects it from excessive water loss. As a result, it visibly moisturizes the skin and promotes the penetration of active ingredients into the skin. It is a natural antioxidant and protects against free radicals.
